PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	An English proofreading is absolutely necessary! The grammar of the paper is very faulty, singular and plural need to be matched, etc.	This concern is already addressed.
<u>Minor</u> REVISION comments	Some mistakes, omissions are to be corrected (see the revised pdf.)	Corrections were already inserted.
<u>Optional/General</u> comments	It would be nice to put the paper into a somewhat wider context. A few suggestions were given in the pdf.	Slight revisions were incorporated in the manuscript in compliance to this comment.
