

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	American Journal of Experimental Agriculture
Manuscript Number:	2013_AJEA_4855
Title of the Manuscript:	Toxicity, antifeedant and growth regulating potential of three plant extracts against the desert locust Schistocerca gregaria Forskal (Orthoptera: Acrididae)

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
Authors had complied majorly to my earlier review, observations and comments. They should affect spacing in between words in the body of the text as highlighted in red as well other minor corrections. In my opinion, the manuscript is now good enough to be published after the final corrections had been done to the satisfaction of the editor.	We would like to thank the reviewer for his valuable corrections and suggestions that have indeed reformed the manuscript to be in a good shape. We have made the new corrections and suggestion as follows: Line 6, 4 corrections were made Line 7, 1 correction was made Line 8, 2 corrections were made Line 18, 1 correction was made Line 28, 1 correction was made Line 40, 1 correction was made Line 43, the suggested statement was added Line 53, 1 correction was made In Lines, 54, 56, 59, 1 correction in each line was made Line 61, the suggested statement was added Line 64, 1 correction was made The suggested corrections in lines 70, 74, 99, 125, 194, 200 and 212 were made Suggested corrections in lines 218 and 424 were made Regarding the spaces between words in the text, we have revised the text, but it seems that there is a problem in attaching the files that led to this problem. I hope it will be OK. This time
