Subject: Re: Request for final decision for manuscript number 2013_AJEA_7468

Please find attached my final decision for manuscript no 2013 AJEA 7468. My decision is Accept after minor correction.

Editor's Details:

Sławomir Borek

Department of Plant Physiology, Adam Mickiewicz University, Poland.

Note: Modification was done in this document ONLY to hide the email id.

Attached Part:

The final decision for manuscript number 2013 AJEA 7468 entitled 'Impact of Magnetic Water Irrigation for Improve the Growth, Chemical Composition and Yield Production of Broad Bean (*Vicia faba* L.) Plant' by Hamed El Sayed Ahmed El Sayed.

After evaluation of all documents related to the manuscript I agree with reviewers that the text is acceptable for publishing in American Journal of Experimental Agriculture. However, before the manuscript will be accepted minor correction should be done.

- I recommend to writethe full name of country in author's affiliation; instead of K.S.A.
- The terms 'magnetic' and 'magnetized' are used interchangeably in the manuscript. I recommend using only 'magnetic' in the text.
- Abstract should be strictly related to the data presented in the manuscript. So, in my opinion the sentence 'Magnetic water increased tomato leaf area more than the tomato irrigated with tap water (control).' Should be removed from Abstract.
- After Conclusion, subsection COMPETING INTERESTS should be added.
- REFERENCES should be prepared more precisely to the requirements of the Journal.

My final decision is: Accept after minor correction.
