PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The title is too lengthy and encompassing. I suggest it should be split into two to read for instance: 1. Effects of soybean oil..... on performance and carcass characteristics on broiler chickens. 2. Effects of on organ weights, hematology and serum cholesterol content of broiler chickens. Then re-touch to make them more scientifically and grammatically sound.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
