**PART 1: Review Comments**

|                                            | <b>Reviewer's comment</b>                                                                                                                                                                                                                  | <b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
|--------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Compulsory</u></b> REVISION comments |                                                                                                                                                                                                                                            |                                                                                                                                                                                             |
| <b><u>Minor</u></b> REVISION comments      | All the observations made are to make the article clearer, so that even a non specialist will understand what is reported. Nevertheless the author should recheck the reference section and make sure it conforms with the journal format. |                                                                                                                                                                                             |
| <b><u>Optional/General</u></b> comments    |                                                                                                                                                                                                                                            |                                                                                                                                                                                             |
