SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The manuscript can be published as a short communication with all the comments improved and included accordingly	
<u>Minor</u> REVISION comments	The citations included in the body of the manuscript are not found in the reference and also all the references are not cited in the body There are also some paragraphs which require citation The writing also need to be organised and improved as per the standards of scientific research paper (the punctuations, paragraphs)	
<u>Optional/General</u> comments	If the experiment were conducted in only one location, a better result and manuscript can be achieved if the experiment will be repeated in a more number of locations across seasons as tropical agricultural environments are highly unpredictable
