SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Marked on the body of article	The comments have been revised. Some of them have been accepted and some have been rejected. The causes behind the rejection have been described in the body of the article as reply to the comment. All the modifications have been marked as yellow in the body.
<u>Minor</u> REVISION comments	Revisions are made by reviewer	Accepted
<u>Optional/General</u> comments	Some reference seems irrelevant to crop studied (Rice) a model crop highlighted yellow	These references are relevant with the diversity. In case of all crops, diversity is a common and general phenomena. That is why, these references are relevant with the objectives of that study.
