- This form has total 7 parts. Kindly note that you should use all the parts of this review form.

SDI Review Form 1.6

	performance as an indicator for animal welfare assessment or for production assessment in the farm, or both? In the M&M, the technique to assess the X-chromatin is totally missing. I personally found Results and Discussion concise and descriptive. Please, be consistent as far as the Reference Section! Each reference You report is different from the other! Please, stick close to the guidelines for authors as far as Reference style.	OK, Done
