SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Ethical issues: Ethical approval for the research was not informed in the manuscript. The authors must include the Protocol number of the Ethics Committee of Animal Use or explain why this information wasn't include in this paper, since the authors used broiler for this experiment. Similarity rates (index): 58%. Very high. It should be reduced.	The similarity rates (index) has been reduced, the ethical approval for the research was not necessary since the project was approved by the faculty board of the university.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	All of my suggestion, correction and comments were introduced in the text
