SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	I find this article very interesting and well described. The description of the methods contains sufficient details. The obtained data underwent reliable statistical analysis. The discussion is very logical and easy to follow Please consider the suggestions below: 1- Abréviations must be spelled out completely at first use in the abstract and again at first use in the text. 2- Conclusion can be improved by adding some findings of the study 3- Authors must check carefully again "References" according the instructions of the journal and make the necessary	
<u>Optional/General</u> comments
