PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	1. In the abstract-mention the place of legumes in the country, the amount produced/exported/consumed and for other purposes; also at the end of abstract, the authors should mention the major 1 or constraints in the legume value chain. 2. World production by type, and use for food, industrial, etc. should be given 3. Give the direction of legumes development in the scientific literature and in Ethiopia	
<u>Minor</u> REVISION comments	1. In the abstract, remove the generalities about agriculture and replace with information on legumes. 2. Elaborate on the place of legumes in human health, nutrition and industrial use in the country 3. Check on the consistency of referencing. 4. A lot of the sentences in the text are not grammatically correct. The authors are advised to use the spell check and grammar feature in the M S Word version in use. This will improve readability of the manuscript. 5. Comparison of the situation in other African countries would have been appropriate.	

SDI Review Form 1.6

<u>Optional/General</u> comments	The processing aspects and marketing aspects of legumes value chain are not well discussed. Research aspects are also not well done.
