SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	The authors had good results but presented in broken English. What I would recommend is that authors send the text to a language expert to be corrected and that the text is in authentic English. I would recommend the authors to revisit the abstract and the presentation of results; especially those presented in tables and figures as well to focus on the standard deviations.
