

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	American Journal of Experimental Agriculture
Manuscript Number:	2014_AJEA_14814
Title of the Manuscript:	Mycelia growth and sporulation of <i>Phytophthora colocasiae</i> isolates under selected conditions

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>The manuscript provides clear data on the dynamics of sporulation and mycelia growth of <i>Phytophthora colocasiae</i>, a pathogen of taro leaves. The study has shown that growth medium composition, temperature and pH of the medium have a significant effect on pathogen growth and sporulation while light has no effect.</p> <p>The manuscript is comprehensive, all data are illustrated in tables and figures.</p> <p>I have no further comments on the manuscript.</p>
