

SDI FINAL EVALUATION FORM 1.1

PART 1:

| | |
|--------------------------|---|
| Journal Name: | Annual Research & Review in Biology |
| Manuscript Number: | 2013_ARRB_7229 |
| Title of the Manuscript: | Initial insight to effect of exercise on maximum pressure in the aortic root using 2D fluid-structure interaction model |

PART 2:

| FINAL EVALUATOR'S comments on revised paper (if any) | Authors' response to final evaluator's comments |
|---|---|
| <p>The manuscript was improved with the comments, but there are a few mistakes such as:</p> <p>Astract: The FSI modelling was applied to determine a numerical relationship between the cardiac output to left ventricular pressures and aortic diastolic. I think it is...and aortic diastolic pressure.</p> <p>Figure 1. Workflow diagram- Point 4. Please change ECG for ECHO Ponit 5. Please change ECG BY ECHO-DOPPLER</p> | |
