PART 2: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	The paper presents very interesting study but the English language is very poor. Please let the English be edited. The references are quite old. Authors are advised to consult current literature.	I thank you for your valuable comments. I really tried to prepare a manuscript with a suitable English language. And also I wanted a native speaker to edit my manuscript before you review it. After your revising, I modified some parts of it again And some references were added (highlighted with yellow color). I hope you to understand that my main language is not English.
<u>Minor</u> REVISION comments
