

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	British Journal of Applied Science & Technology
Manuscript Number:	2013_BJAST_6102
Title of the Manuscript:	KNOWLEDGE OF SEXUALLY TRANSMITTED INFECTIONS (STIs) INCLUDING HIV/AIDS AMONG UNIVERSITY STUDENTS

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
Still most of my comment is inside the manuscripts. Please check the flow ideas, remove repetition of ideas. Introduction: They tried to merge introduction with statement of problem with out merging ideas. Please look at it and merged to less than one page Material and methods: They corrected according to my comments but still there some problems. I put my comments with track change on the new version of manuscripts. Result and discussion: generally they corrected this part. But still with repetitions of ideas. Even it is not well discussed and justified by comparing with other similar studies(similar, low , high finding from studies conducted on university students ,not with refuges Conclusion: write only summary of your major finding. Your recommendation must be from your results not from your perception	All the comments that were made in the manuscript have been duly corrected This has been taken care of in the manuscript. This has also been taken care of in the manuscript. Other similar studies with higher or lower values have been used to make comparisons to the write-up This has been taken care of in the manuscript
