

SDI Review Form 1.6

PART 1:

Journal Name:	British Journal of Applied Science & Technology
Manuscript Number:	MS: 2012/BJAST/2358
Title of the Manuscript:	Integration n -th order linear differential equations with variable coefficients with exponential solutions.

General guideline for Peer Review process is available in this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

- This form has total 9 parts. Kindly note that you should use all the parts of this review form.

SDI Review Form 1.6

PART 2: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	A few mistakes about writing in the manuscript are the following: [1] Page1, Line7: coefficients equations but $\Rightarrow$coefficients but [2] Page4, Line8: and functional root. then differential equation (2) $\Rightarrow$ and functional root $\lambda(t)$. Then linear differential equation (2) [3] Page5, Line15: Eguation $\Rightarrow$Equation diff.equftion. $\Rightarrow$diff. equation.	
<u>Minor</u> REVISION comments	Introduction: Must be mentioned in the introduction a brief definition of linear differential equations and also to mention the Riccati type equation that was used to prove the generalizations in this manuscript. References: 1: All the reference are old (1970 : 1988) 2: The reference3 is unclear, but I think it's incorrect.	
<u>Optional/General</u> comments
