(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

- This form has total 9 parts. Kindly note that you should use all the parts of this review form.

SDI Review Form 1.6

PART 2: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Compulsory REVISION comments	I think the author should attempt to make corrections highlighted in the annotated manuscript and resubmit the manuscript for review.	I appreciate corrections indicated by the reviewer and they have been corrected. But few exceptions where opinions were made on the model for the formation of gypsum.
Minor REVISION comments		Thank you so much.
Optional/General comments	The language fall short of the requirement for publication in an international journal.
