SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	This paper proposed some interval-valued 2-tuple prioritized aggregation operators. This paper is very interesting and also well organized. This paper can be accepted for publication after some minor modification. 1) I suggest the author to enhance their contribution in the conclusion section. 2) The authors have to cite and explain why interval-valued 2-tuple theory is introduced in this study. 3) The English should be improved.	1. We have enhanced the contribution in the conclusion section. 2. We have cited and explained why interval-valued 2-tuple theory is introduced in this study. 3. We have improved the English.
<u>Optional/General</u> comments
