SDI Review Form 1.6

PART 2: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	1. The comments have been indicated in the various sections of the manuscript; particularly as it affects streamlining and redefining the objective of the study (manuscript is attached). 2. The reference citations in the text should be revised 3. The language of presentation has to be strongly improved; possibly the manuscript subjected to English language editing 4. The discussion section is more generalized. It should sharply interpret the observed results in this study in the light of existing literature; pointing out clearly the major contribution(s) of the present study to the body of existing knowledge.	1. The authors has corrected the manuscript and highlighted those parts. 2. The reference citations in the text had be revised 4. The discussion section sharply interpret the observed results in this study in the light of existing literature; pointing out clearly the major contribution(s) of the present study to the body of existing knowledge.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comment
