SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	1. Key word chemical pollution is not included neither in the abstract or in the main script. 2. Page no. 8& 9 detail text should be immediately below the table. 3. Results & discussion are not included , this very important. Unless the goal of the research cannot be attained. 4. Some of the references listed in the reference list are not mentioned anywhere in the main research paper. If these are not related with your work better delete these references. 5. English very poor it has to be improved a lot.	All points suggested by reviewer were considered. Please see yellow marked fonts.
<u>Minor</u> REVISION comments	1. Page 12: Malia Raj et al in the reference the font size is too large. 2. Page no. 4: Manual directions of Manufacturers, Industrial scientific corporation,2003, name of the author is not mentioned.	All done with pleasure.
<u>Optional/General</u> comments	1. Page no. 5: Last three lines are of large font size reduce it to the normal size. 2. Page no. 6: Table should be immediately below the subtitle. 3. Remove the extra spacing between the paragraphs.	Done.
