

SDI Review Form 1.6

Journal Name:	British Journal of Applied Science & Technology
Manuscript Number:	2013_BJAST_8689
Title of the Manuscript:	On Cartesian Products of Any Finite Number of Orthogonal Double Covers
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	The author studied the Cartesian products of any finite number of symmetric starter vectors of ODCs of the complete bipartite graphs and constructs some exact ODCS. We could see the author provides a detail description of the construction of ODCS by new classes of disjoint unions of complete bipartite graphs. While there are some grammar mistakes and typing mistakes in the manuscript (see the marked manuscript).	Thanks for your effort, I did all the required changes.
<u>Optional/General</u> comments
