SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Compulsory REVISION comments	The paper is well written and the contents are interesting. However the authors must explain the physical significance of their results. Though the results are interesting but they should be given in a more elaborative way in order to draw some conclusions. With these modifications, the paper may be accepted for publication.	Thank you very much for your comments and contributions. We have taken note of your suggestions, and have equally done as you suggested.
Minor REVISION comments	There are quite a few grammatical typos in the manuscript. Authors are requested to go through and correct them.	We have proof read the manuscript severally and corrected the grammatical errors.
Optional/General comments
