|                          |                                                                                                                                                                |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Journal Name:            | <a href="#">British Journal of Applied Science &amp; Technology</a>                                                                                            |
| Manuscript Number:       | 2015_BJAST_18590                                                                                                                                               |
| Title of the Manuscript: | <b>Solutions of Sequential Conformable Fractional Differential Equations around an Ordinary Point and Conformable Fractional Hermite Differential Equation</b> |
| Type of the Article      | <b>Original Research Article</b>                                                                                                                               |

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

|                                         |                                                                                                                       |                                                                       |
|-----------------------------------------|-----------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------|
|                                         | <b>A clarification is needed based on the above mentioned issue (earlier/previous submission).</b>                    |                                                                       |
| <b><u>Minor</u></b> REVISION comments   | Sources of <b>Property 4.1</b> should be cited properly IF they are not the author(s)' original ideas.                | It has been cited for classical case but fractional case is original. |
| <b><u>Optional/General</u></b> comments | For current update of references, at least three journals of sciencedomain (of related issues) should be ADDED/CITED. | We have cited two journals of sciencedomain.                          |
