SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This paper has more than 50% similarity with other papers in the internet. All the parts, even results and discussion have large parts which are just copy/paste from other works. If the authors (s) like to publish their paper in the journal, they have to change the language of their manuscript. The copy/paste parts are obvious in attached .JPG files. Plagiarism Issue: Yes. Please find the attachment.	
Minor REVISION comments	Needs some language corrections before being Published.	
Optional/General comments	When reviewing the references a strong impression can be created that the manuscript should be submitted to another journal: In order to give journal readers a sense of continuity, the reviewer encourage the authors to identify British Journal of Applied Science & Technology publications of similar research in your papers. Please, do a literature check of the papers published in recent years (2014 and even 2015) and
