SDI Review Form 1.5

PART B: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part and write here 'Corrected'/ if not agreed, give suitable justifications)</i>
General comment:	Overall paper needs some minor modifications. After the revision it can be accepted for publication	
Specific comments:	typo mistakes should be removed. Methodology and Data Selection section must be incorporated/identified separately.	
Title and abstract	Title matched with the text. Abstract is precise and clear	
Introduction	Line 50 the new sentence should start with "these" not with "they" as mentioned Line 63 ODA abbreviation should be explained. Line 104 the trade deficit----- from -18.6 percent ----- to -10.6 percent--- the figures should not be in minus as trade deficit itself indicates minus figure. Line 112 to be reviewed e.g. -----35 percent to comprise 3.6-----Lines 133-134 to be rephrased.	
Review of literature (Heading may differ in the case of review paper)	Line 187 to be reviewed. Line 249 equation needs to be reviewed. In this section the author must mention the literature on other variables other than remittance that have been taken in the model. Lines 245-277 should come under a separate heading of Methodology	
Materials & methods (Heading may differ in the case of review paper)	This section is missing I have commented earlier to separate and identify methodology from the Literature review section	
Results & discussion (Heading may differ in the case of review paper)	This is okay	
Conclusion	This is fine	
References	In one or two case page numbers of the published articles are missing
