The authors have obviously improved the quality of the manuscript by meticulous revising work. Nevertheless, there are several minor defects here and there. For example, the style of the manuscript seems showing disunity. You can see that as follows: 1) Aigbokhan, B.E (2008): 'Growth, Inequality and Poverty in Nigeria', ACGS/MPAMS Discussion Paper No. 3. 2) Babatunde, R.O; Olorunsanya, E.O and Adejola, A.D (2008): Assessment of Rural Households Poverty: Evidence from South-western Nigeria. American-Eurasian J. Agric and Environ, Sci., 3(6): 900-905. 3) Economic Growth in Comparative Perspective" Journal of African Economies, Vol. 9, Pp.45-78. 4) Okunmadewa, F.Y; Yusuf, S.A and Omonona, B.T (2007): Effects of Social Capital on Rural Poverty in Nigeria.
