- This form has total 7 parts. Kindly note that you should use all the parts of this review form.

SDI Review Form 1.6

PART 2: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	Author should improve review of literature by adding recent published studies such as given below: Shahbaz, M., Rahman, M.M., 2012. The dynamic of financial development, imports, foreign direct investment and economic growth: cointegration and causality analysis in Pakistan. <i>Global Business Review</i> 13, 201–219. Shahbaz, M., Rehman, M., 2010. Foreign capital inflows-growth nexus and role of domestic financial sector: an ARDL co-integration approach for Pakistan. <i>Journal of Economic Research</i> 15, 207–231. Shahbaz, M., Azim, P., Ahmad, K., 2011a. Exports-led growth hypothesis in Pakistan: further evidence. <i>Asian Economic and Financial Review</i> 1, 182–197. Shahbaz, M., (2012). Does trade openness affect long run growth? Cointegration, causality and forecast error variance decomposition tests for Pakistan. <i>Economic Modelling</i> 29, 2325-2339.	The reviewer provides very good information about the review literature of the recent published studies. Those studies are useful for me to improve my paper. Special thank for this interesting source, I have emphasized and focused on reading and editing as your suggestion. I can get some good techniques, particularly, the empirical method and data adapting.

SDI Review Form 1.6

	Rahman, M. M., Shahbaz, M., (2013). Do Imports and Foreign Capital Inflows Lead Economic Growth? Cointegration and Causality Analysis in Pakistan. South Asia Economic Journal, 14(1) 59–81.	
<u>Optional/General</u> comments	Overall paper is good and interesting. Some typos and grammatical mistakes are still in the text. These mistakes are typos should be fixed before publication.	Thank you very much for this positive feedback and good information.
