PART 2: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	Since this paper is case study not general study, the author should be indicate location of study in title and in abstract. It is important to explain the reader in part of introduction: Why Divcivare ? How it is important? Data Analysis: From data in table 2 and table 3 is FDI and condition for doing business for overall sector in economy. However, this paper focused on tourism sector. Author should find out supporting data that relate to FDI in tourism sector such as investment regulation in tourism sector in Serbia. Moreover when we find out potential investor we should scope to review or data based on main investor/potential investor in accommodation and tourist facility sector such as "Who is specialist in accommodation area?" "Who has mega share of hotel in the world?"	The Author has tried to remedy specified remarks and the required changes in the text are marked in yellow.
<u>Minor</u> REVISION comments	The heading number order of line 114,127 and 142 are mis-ordered	
<u>Optional/General</u> comments	I'm appropriate the analytical in part of "Competition from Other Host Countries" If possible, Could you add the map of competition countries	Unfortunately, the map would be very small since it has to cover a large part of Europe in order to contain all of mentioned countries and Serbia as small country couldn't be visible. So, therefore it is explained in the paper.
