SDI Review Form 1.6

PART 2: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	The title of the work is interesting. The literature used in the work should be updated to be current. Referencing and citations should follow the standard forBJEMT.	Some of the old sources have been replaced with recent findings. However, we couldn't find freely accessible recent work in some areas due to unaffordable access fee to some of the articles. References and citations have been updated to suit the standards.
<u>Minor</u> REVISION comments	L49 remove "no" L51 – 56 Remains part of conclusion and should be moved to that part. L71 Restructure the sentence. L96 use "the study or the work" not He L98 remove "out" from "found out that" L105 remove "out" from "found out that" L200 "developing" not "developed" L206 and 209 conflicts with source of data contained in the abstract "MoFED or MoI" L353 replace & with "comma" L368 "drive" not "derive" L421 include "an" in sentence e.g. "an average annual rate" L435 "naive" Not "Naïve"	All the comments have been incorporated and corrected sections are highlighted in yellow.
