PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
The authors revised the paper according to my previous suggestions. The paper can be accepted for publication in the journal. I have some minor comments mentioned below: (1) There some citations in the paper such as (Berument, et al, 2009) that are not appearing in the reference section. (2) It would be also beneficial to cite the paper Berument, Sahin and Sahin (2013) within the text: Berument, Hakan, Sahin, Serkan and Sahin, Afsin (2013) "Crude Oil Price and Exchange Rate Asymmetry for Petroleum Product Prices: Evidence from a Set of Northern Mediterranean Countries", forthcoming. Available at: http://dx.doi.org/10.2139/ssrn.2215722.	All citations that appeared in the body of the work have been captured in the reference. See page 16-17 Berument, Hakan, Sahin, Serkan and Sahin, Afsin (2013) has been cited in page 4
