Subject: RE: Request for final decision for manuscript number 2013_BJEMT_4650

I hope you are having a pleasant day. The revised paper is much better but there are still many careless errors. By running a simple spell check, I found the followings,

(1) line #81, replace "are" with "is"

(2) line #96, replace "is" with "are"

(3) line #228, replace "observeds" with "observe"

(4) line #311, replace "is" with "are"

(5) line #336, replace "Patrnserhips" with "Partnership"

(6) line #406, replace "refered" with "referred"

(7) line #436, replace "a" with "an"

(8) line #456, replace "sustainance" with "sustenance"?

(9) line #508, replace "amonsgt" with "amongst"

(10) line #519, replace "underdeterminations" with "under determination"?

(11) line #520, replace "preffered" with "preferred"

(12) line #537, replace "Programm" with "Program"?

(13) line #573, replace "Internatonal" with "International" and "Buletin" with "Bulletin"

(14) line #607, replace "Nigria" with "Nigeria"

(15) Footnote #1, replace "Fderal" with "Federal"

(16) Footnote #3, first line, replace "simplSe" with "simple"

(17) Footnote #4, replace "asia" with "Asia"

Given comments by one of the referees and followed by mine, I am surprised that authors did not pay a closer attention on simple writing. I will give the authors one more chance to carefully go over the writing but this time, please have them to take their time to carefully revised the paper. If the next version still has careless errors, I will recommend rejecting the paper.
