

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	British Journal of Economics, Management & Trade
Manuscript Number:	2013_BJEMT_5427
Title of the Manuscript:	THE RELATIONSHIP BETWEEN WORKING CAPITAL MANAGEMENT AND PROFITABILITY: EVIDENCE FROM SAUDI CEMENT COMPANIES

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>There is scope to improve the write up Need to do proof reading - for e.g in Abstract could strengthen and not with ed Similarly pg 4 - para 3 - its effect and not affect Conclusion - para 3 - extending the years of the sample - not clear The coefficient for the constant is too high - indication of a model specification error, though the author's responds to my previous query is that such similar findings were found in earlier study.</p>
