In this paper, I mention that I have done two academic presentation (Uruguay and México), of the abstract and some two figures of the same. literally say:

This research is a response to a major initiative by ARPEL, 11-13 September 2012 in Uruguay. 2012 MEETING OF THE CLIMATE CHANGE AND ENERGY EFFICIENCY, which involved the following oil and energy companies: ANCAP, ECOPETROL, Petroamazonas EP, OCENSA, Pemex, Petrobras, Statoil and EPPETROECUADOR. Line 61-68.

Therefore, my paper is being analyzed today in your journal. And there is no conflict of interest with any other journal.

And in his email, the following sentence is offensive because I am the author of the paper and the abstract and two figures that appear in.

"If these papers are not same and there is no question of plagiarism you need to certify the same in writing."
