SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	(i) The author should give more explanations about the hypothesis. Moreover, the hypothesis 2 and 3 is not appropriate in your paper. (ii) It is not necessary to introduce the Panel Data Approach and it is imperative for you to distinguish the differences of models that you want to give. (iii) The author should list a specific econometric model such as CD function.	(i) The explanations are already provided in the paper. Please, check sections 2.1. and 2.3. Thus, hypotheses 2 and 3 have been justified as appropriate. (ii) Please, check section 2.2 of the paper for more information. (iii) Provided in section 2.3.
<u>Minor</u> REVISION comments	(i) Some references should revise. For example, in page 1 [25] and [1] note that there seems to be a lot of interests in the study of aid-growth nexus. The [] should be firstly substituted by author's name then give their citations. (ii) Some sentences have to be improved in your paper.	All these observations have been effected accordingly. Please, check the yellow coloured portions in the paper.
<u>Optional/General</u> comments
