SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	Journal Review is missing and also the author has said some regression analysis, but I could not find anything like that. Also the paper is just a coining of the related information's, there is no analysis to confirm that merger has created value.	I have added Journal Review. Regression is not used in manuscript. The main objectives of the paper are to analyse merger waves in different countries not analysed created values.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
