SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Many sources cited in the article are not in the list of references. These have been highlighted in the body of the article. The author should endeavour to reference them. The authors should strictly follow the reference style of the journal when revisiting the reference section of the article	
<u>Minor</u> REVISION comments	Author should use the SDI paper template to prepare the revised manuscript. All the styles of the journal should be carefully followed during revised manuscript preparation.	
<u>Optional/General</u> comments	1. All the minor treatments required to improve the quality of this article at the interim have been comprehensively and passionately identified, described and explained by the reviewer. This I hope the author will appreciate. The author should endeavour to treat them as directed in the reviewer's comment. The author should check through the entire work and ensure that he studies and understand these corrections and meticulously effect them. 2. The article was reviewed with the use of Adobe Reader. To enhance downloading and opening of the reviewer's comments, the author should be directed to use appropriate software.
