SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1. The abstract should state more clearly the objectives of your study. 2. At the end of the Introduction you should state more clearly the objectives of your study, and provide an outline of the structure of your work. 3. You should describe the research methodology. Which journals and databases were analyzed, which keywords were used. Which research techniques were used? 4. This paper is conceptual and it is based on literature. Hence, the literature must be essentially expanded. The literature review misses some key current works comprising important contributions to the paper issues, e.g. Tapscott, Hamel. 5. The net generation and wkinomics, described by Tapscott, strongly and deeply influence management and management education. Therefore, these cannot be overlooked. 6. The conclusion section should be overall conclusion of the paper. Include a synthesis and some discussion of the results, to help a reader better understand the results. Moreover, you should answer the questions: What are the implications of the findings? How should these be used to improve management education? 7. You should review BJMT Guide for Authors and revise this paper accordion to its cues.	
Minor REVISION comments	8. The findings can best be summarized in tables to show the new trends in management education and current managerial skill sets. It will improve readability of your
