	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	The concept of human capital development is not clearly defined and conceptualised!!! Issues of education and health are on concurrent list and as such the total national expenditure profile should have been used; especially since the GDP figure used is the national total	We mean "development of human capital" and it can be estimated by government expenditure on education and health. We used the total national expenditure profile on education and health.
<u>Minor</u> REVISION comments	Line 32: change "through" to "though" Line 106: Use the right naira sign	The corrections have been made. See the corrected copy.
