SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	(a) Introduction - Some strong statements need to be supported by any arguments from the related literature. For example, lines 24-27: "This 24 dynamic environment of the business world has even entailed the organizations with the need to 25 develop their employees to maintain a sustainable business environment. These developments ...". - Fewer in discussing about the relevant issues of the significance of doing this research. If there are the issues, the author does not have the support of the issues from the relevant literature. (b) Literature Review - Recommendation to have the sub title that is in the form of statement rather than question tag. For example, the sub titles on pages 3, 5 and 7. - Recommendation to have conclusion at the end of the paragraph by using the author's own words as summing up the discussion. (c) Discussion - Required to have supports for the strong statements. For example, lines 230-233: "In addition, adequate 231 implementation of leadership skills in organization prohibits the employee turnover...". So as on the lines of 262-263: "James Parker, a superior level employee at	Statement is supported with a reference. Significance and aim of the research have been added. Titles are changed to statements. Statements are supported with a reference. This has been talked and revised.
