SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	1) There is no Small and Medium -Scale Enterprises, but only SME (Small and Medium Enterprises) 2) In the basic title the word medium must be changed in correct. 3) The author has to create paragraphs in his paper. 4) Since the author has with capital and numerous the introduction has to do the same with the other subtitles. 5) The SPSS version is 20.00 and not 20. 6) Which exactly methodology the author followed and chose the sample of 500 enterprises? Systematic sampling, random sampling, something else? 7) The statistical analysis is simplistic but quit good.	The author agrees with the reviewer's suggestions and have therefore effected all the needed changes. 1. the word 'SCALE' have been removed 2. the word (SMEs) have been included in the basic topic to support the word medium and proper spelling has been imputed 3. Ample paragraphs have been inserted, the use of double line spacing. And sub headings have been provided 4. All the titles and sub-titles have been in the upper case 5. The SPSS version of 20. Have been changed to 20.00 6. Purposive sampling techniques were adopted with reference from Marshal (1996), and the changes have been made.
