SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Compulsory REVISION comments		
Minor REVISION comments		
Optional/General comments	<p>This is a well thought out study. The manuscript covers an interesting area with regards to offer the Social Work readership and interested social science scholars insight to some of the health challenges which continue to prevail as pathological to people of color. The authors demonstrate a very professional writing style that keeps the readers' interest. Their experience in this area of research is evident throughout the paper. Authors reviewed the previous as well as relevant studies. Conclusion is easy to follow. The paper is scientifically and methodologically accurate and also the reference section is quite adequate and up to date.</p>
