

SDI Review Form 1.6

PART 1:

Journal Name:	<u>British Journal of Mathematics & Computer Science</u>
Manuscript Number:	2013_BJMCS_4509
Title of the Manuscript:	POSITIVE SOLUTIONS FOR SYSTEMS OF SINGULAR HIGHER-ORDER MULTI-POINT BOUNDARY VALUE PROBLEMS
Type of the Article	Research Paper

General guideline for Peer Review process is available in this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

- This form has total 7 parts. Kindly note that you should use all the parts of this review form.

SDI Review Form 1.6

PART 2: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	This paper is of high standard. The abstract needs to be enhanced (S) and (BC) in the first part of the introduction should be followed by : before the equations. All equations must be numbered from the beginning to the end. Suffix notation like $H_1, H_2 \dots$, should be used instead of (H1); (H2); (H5) and (H6)	I enhanced the abstract. I corrected the manuscript according to the reviewer's comments.
<u>Minor</u> REVISION comments	The introduction need to highlight the essence of the research with state basic objectives.	The basic objectives are presented in Introduction (in the second paragraph and in the penultimate paragraph).
<u>Optional/General</u> comments	The paper can be publish if those corrections are reflected. The equations are basically that boundary value ode.
