

SDI Review Form 1.6

Journal Name:	British Journal of Mathematics & Computer Science
Manuscript Number:	2013_BJMCS_6691
Title of the Manuscript:	A Nonlocal Boundary Value mixed Problem for second-order hyperbolic-parabolic equations in nonclassical function spaces
Type of the Article	Research Paper

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	1) In this paper the author(s) studied the boundary-value problem for hyperbolic-parabolic equation with an integral condition. 2) Unfortunately I found the proofs of Theorem 3.1, 4.1 and 4.2 erroneous. 3) Lack of proper referencing. 4) In my opinion, the paper does not provide any new ideas for the study of such problems.	We took the formulations of sentences, ERRORS have been corrected throughout the article. We have also taken profoundements calculations and huge ERRORS were detected and corrected throughout the document.
