

SDI Review Form 1.6

Journal Name:	British Journal of Mathematics & Computer Science
Manuscript Number:	2014_BJMCS_13866
Title of the Manuscript:	On some new nonlinear retarded integral inequalities with iterated integrals and their applications in differential-integral equations
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	In the introduction part, the authors should state a summary include up-to-the-minute mixed Gronwal-Bellman inequalities. Recommends that the authors refer to the following documents: [1] W. Wei, X. Xiang, Y. Peng, Nonlinear impulsive integro-differential equation of mixed type and optimal controls. Optimization, 55(1-2)(2006), 141-156 . [2] Y. Peng, X. Xiang, W. Wei, Nonlinear impulsive integro-differential equations of mixed type with time-varying generating operators and optimal controls, Dynamic Systems and Applications, 16(2007), 481-496. [3] Y. Peng*, Ying Kang, Mingxiu Yan, Rongfeng Huang, and Liu Yang, Gronwal-type integral inequalities with impulses on time scales, Advances in Difference Equations, Vol. 2011, P1-9. Etc.	Was Modified on the paper with thanks to the editor, the reviewer and the referees.
<u>Optional/General</u> comments
