

SDI Review Form 1.6

Journal Name:	British Journal of Mathematics & Computer Science
Manuscript Number:	2014_BJMCS_9193
Title of the Manuscript:	Statistical Inference for Kumaraswamy Distribution Based on Generalized Order Statistics with Applications
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comments (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	See the pdf file 1- Page 1 line 8 from bottom $n > 1$ should be inserted and $\gamma_r > 0$ should be inserted. 2- Page 2 line 2, $X_1, X_2, \dots, X_n$, should be small letters. 3- Page 2 line 7 from top $\gamma_k = k$ should be $\gamma_n = k$. 4- Page 3 line 10 from bottom $(m_1, m_2, \dots, m_{n-1})$ belong to R^{n-1} instead of belong to x^{n-1}. 5- Page 5, line 3 from bottom the subsection may be 3.1. instead of 1. And in the next pages(6,7). 6- I think that the last two references in page 19 should be omitted.	• All are done.
<u>Optional/General</u> comments	I recommended a publication of this manuscript in British Journal of Mathematics & Computer Science.	

Acknowledgement

The authors would like to thank you for your constructive helpful comments and corrections which led to improvements of this article.
