SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	1. The author can refer to the literature of the past few years.	Yes, I have referred.
<u>Minor</u> REVISION comments	Comparison of the capital market in India, the law is more perfect. Would you like to study the extreme market such as China or Brazil etc., to prove Whether the models have the effect. It is difficult to find the Characteristics and rules in an extreme market rather than just study a regular market forecasting . After all, the stock market crash caused much more harm in a regular market.	Yes, next time we will propose a prediction models and apply that on china stock exchange, brazil stock exchange, newyork stock exchange or other and try to analyze the conditions of these stock exchanges.
<u>Optional/General</u> comments	The third chapter can be more streamlined
