

SDI Review Form 1.6

Journal Name:	British Journal of Mathematics & Computer Science
Manuscript Number:	2014_BJMCS_9125
Title of the Manuscript:	Energy decay rate for Bresse system with nonlinear localized damping
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	If an ethical issue, please clarify	
<u>Optional/General</u> comments	It would be better that the calculations were done with programming, for example MATLAB software. Also your paper doesn't have any figure for compare with other results.	

Note: Anonymous Reviewer
