

SDI Review Form 1.6

Journal Name:	British Journal of Mathematics & Computer Science
Manuscript Number:	2014_BJMCS_12299
Title of the Manuscript:	Using the Average of the Extreme Values of a Triangular Distribution to Approximate Continuous Uniform Distribution
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	In this manuscript, the authors have introduced a new probability distribution referred to as a transformed triangular distribution by using the average of the extreme values of a triangular distribution to approximate the continuous uniform distribution. The idea of this paper is seems to be good. The results are looking interesting & suitable to publish in this journal.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
