

SDI Review Form 1.6

Journal Name:	<u>British Journal of Mathematics & Computer Science</u>
Manuscript Number:	2014_BJMCS_13484
Title of the Manuscript:	An Application of Continuous –Time Delay Differential Equations in Price Dynamics of Maize in Ghana
Type of the Article	Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (<i>if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here</i>)
<u>Compulsory</u> REVISION comments	No Compulsory Revision, manuscript is well organized, very well written with good references	
<u>Minor</u> REVISION comments	There are some spaces that author (s) may observe, for instance in lines 142 and 234	
<u>Optional/General</u> comments	In my opinion the author(s) should get better results if they consider a third degree polynomial in equation (3), oscillations would be more stressed. They could implement the corresponding simulations in this case.
